

September 30, 2004

Dear Vickie:

The success of the second annual Relay For Life of the Somerset Hills can be shared by many but, without your support, our accomplishments would have been less grand.

At this time, as the funds are still coming in, we have raised a gross in excess of \$183,000 for cancer support, services, research and advocacy. That is more than \$30,000 more than the gross earnings from our 2003 event – and that event was the top grossing event in our category regionally. The local committee and the American Cancer Society are delighted with the result as we hosted over 1,500 attendees!

Thank you again for sharing and bring your upbeat swingin' show of popular jazz & "C Ella brating" Hope" with the cancer survivors and caregivers during the Relay for Life of Somerset Hills annual dinner. Your performance made the dinner magical for all the cancer survivors. It has been a real honor to work with you and your band.

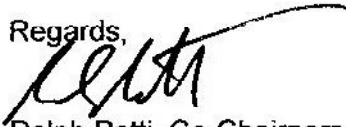

We cannot thank you enough for your contribution of time and resources to our event. As each individual contribution was important, we look forward to seeing you at next year's event, as follows:

Relay For Life of the Somerset Hills
Ridge High School
Basking Ridge, NJ
Saturday, June 11th, 2005 closing on Sunday morning, June 12th, 2005

As you well know, everyone was a winner with this event - and, with your support, we are committed to building upon the success of these two wonderful events.

Thank you, again, for your support of the Relay For Life of the Somerset Hills.

Regards,

Ralph Petti, Co-Chairperson
Caroline Roi, Co-Chairperson
Diana Boquist, Honorary Chairperson
